HABITAT SCREENS *functional and stylish*

Habitat Screens are a retractable, energy efficient and attractive alternative to traditional interior blinds and window treatments. Installed on the outside of your windows, Habitat Screens are designed to absorb the sun's heat and glare before it reaches the glass. Habitat screens are custom made up to 16' wide and 12' tall.

Habitat Screens vs. Interior Window Treatments

UNIQUE FABRICS AND EDGE RETENTION SYSTEM

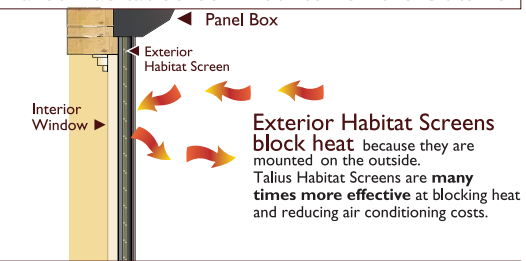

6% openness Satine® 14% openness Natte® 20% openness SunTex 80®

Talius Habitat Screens are made using Thermoscreen®, a unique fabric woven from fiberglass and coated with PVC pigments. Thermoscreen® is available in 30 different colors and three different weave densities (6%, 14%, and 20%) to provide the exact design and amount of shade to suit your needs.

Talius' unique edge retention prevents the screen from blowing out of the guide rails on windy days and protects you from insects.

Talius Habitat Screen Mounted on the Outside

vs. Window Treatments Mounted on the Inside

EASY OPERATION

Operate your Habitat Screens with manual or motorized convenience from inside your home. Talius also offers remote controls, sun sensors, and timers.

CHOOSE FROM A VARIETY OF COLORS

Standard panel box, guide rail and bottom profile colors:

Talius also offers over 1800 custom paint options.

QUALITY AND SERVICE YOU CAN TRUST

You deserve the best, and TALIUS ensures that your Habitat Screen will exceed your expectations of quality, performance, and style. For over 30 years, the TALIUS brand has been synonymous with quality and service. We take pride in developing and manufacturing the finest products to provide you with exceptional value. All TALIUS Habitat Screens feature a 5-year manufacturer's limited warranty.
